CFC SHORTS JULY - DECEMBER 2024

CFC Shorts is a series of monthly webinars for the CFC Network - cities and communities working towards, or having already achieved, recognition as a UNICEF Child Friendly City or Community.

The webinars provide insight, practical learning and inspiration to adults working on, or interested in, children’s rights. The series complements the support that cities and communities receive on the CFC programme. Each webinar is an opportunity to take a deep dive into discrete areas of rights-based practice and the CFC programme journey.
