

Child Friendly Nottingham

Primary-aged survey 7-11yrs

Over the next 3-5 years, Nottingham will be working with the children's charity UNICEF UK to make sure that Nottingham puts children's rights into practice.

We want to hear from you and other young people in Nottingham to better understand what our city is like to live and grow up in. Your views will help us to become a UNICEF Child Friendly City, where all children and young people feel safe, heard, cared-for, and are able to flourish.

How long does it take?

About 15 minutes! You don't have to answer all the questions.

If you don't understand any of the questions, please ask an adult for help.

How will this information be used?

Child Friendly Nottingham will use what you and other children and young people say to improve our city. UNICEF UK, a children's charity, will use the information to understand how the Child Friendly Cities & Communities programme is working.

It's anonymous! Everything you say will be kept strictly private so no one can identify you from your answers.

What do I do if I feel uncomfortable or upset with the questions?

Remember that you can stop at any time.

If you have any questions or concerns, please tell a trusted adult (for example, a parent, teacher or carer).

This is not a quiz and there are no right or wrong answers.

Please answer honestly!
