CHILD RIGHT OF THE MONTH:

As part of our Child Friendly Nottingham Action Plan, we're dedicated to promoting a different child's right each month. Please see the link below for a resource to support your engagement with children and young people. We hope you find this Rights Respecting School resource helpful!

The full year's calendar of 'Child Rights of the Month' can be found in the ChalleNGe Cultural-Rucksack.

Please tell us if you are doing any activities around the Rights of the Month, we'd love to hear about any activities you're doing around children's rights! Please share your ideas with us.

This Month:

Articles 35 Resource

This month, we will be **highlighting Article 35** from the United Nations Convention on the Rights of the Child (UNCRC), to raise awareness for raise

awareness for World Day against Trafficking in persons on the 30^{th} July 2025

Article 35: Abduction, sale and trafficking

Governments must protect children from being abducted, sold or moved illegally to a different place in or outside their country for the purpose of exploitation.

Next Month:

Next month, we will be **highlighting Article 31**, to raise awareness for **National Play day** on the **6**th **August 2025**.

Every child has the right to relax, play and take part in a wide range of cultural activities.

Article 35: Abduction, sale and trafficking

The definition of child trafficking by UNCRC involves the recruitment, transportation, transfer, harbouring, or receipt of a child for the purpose of exploitation. Children are more vulnerable than adults and a child cannot give informed consent to his or her own exploitation, even if he or she agrees to travel or understands what has happened.

While a sensitive and scary topic it is important for children to be aware how to keep themselves safe from harm and exploitation. It is also important adults ensure responsibility for the safety of any child in their care and ensure that children know to keep themselves safe, regardless of age.

How can a child stay safe?

- By making sure adults know where you are.
- By being supervised by adults at home, school or during activities.
- By thinking about staying safe online.
- By making sure you have safe travel plans in place when socialising.
- By considering risks when you do things.
- Parents and carers arrange for us to be looked after when they can't.

The Impact on child trafficking?

Child Trafficking can also deprive children on their right to health care and education. There are various physical, emotional and psychological impacts that the child may have suffered and continue to experience. Some examples include:

- Loss of trust,
- Psychological distress/sense of powerlessness
- Flashbacks and nightmares
- Anger and/or fear of authorities
- Physical and/or sensory deprivation

WHAT'S BEEN HAPPENING?

UNICEF UK - Progress Review 3

On 23rd May, the Child Friendly Nottingham Programme Team and Partners undertook the third Progress Review evidencing our 'Significant Progress' over the last six months with UNICEF UK.

A representative for each CFN Badge presented the updates, workstreams and progress that has been developing towards our aims to make Nottingham a globally recognised UNICEF Accredited Child Friendly City.

While we are awaiting the full progress review report from the CFC Team at UNICEF UK, the initial feedback received was positive, highlighting our commitment to supporting the voice and rights of children and young people as they commented on how we had taken previous feedback from our second review and acted upon on it.

In reflection it was a positive progress review. The UNICEF UK CFC Team have already identified some areas of progress for the remaining sixth months of the CFN Action Plan.

We would like to send a big thank you to all of our partners for their ongoing work to support the programme and the city's child and young people.

ChalleNGe Child Friendly Cities Funding Launch -

In our February E-bulletin we mentioned how our partner ChalleNGe had put in a funding application called 'Child Friendly Creative City'. We are excited to be able to announce that the application bid was successful!

On the 18th June 2025, the Child Friendly Creative City, was launched at Nottingham's Primary Parliament led by ChalleNGe and supported by Ignite.

The 3-year funded programme aims to revolutionise how children and young people aged 0-24 in Nottingham access creativity and culture. Bringing together 22 of the city's leading arts, educational and cross-sector community organisations with $\pounds550,000$ of National Lottery Place Partnership funding from Arts Council England, the initiative will ensure more children, from all backgrounds can access creative experiences.

Child Friendly Creative City will amplify young voices, boost creative confidence, and expand engagement with schools and educational settings to provide greater participation for all. This project supports the **Education and Learning**Badge of the wider CFN Action Plan and Programme.

Tranai has recently expanded the Support through Support offer and Tranai himself works as a mentor directly working with Nottingham's children and young people.

CFN Team at Positively Empower Kids Festival

On **Sunday 22**nd **June**, the Child Friendly Nottingham (CFN) Team set up a booth at the Positively Empower Kids (PEK) at **Nottingham Castle** where there were **over 5,000 attendees**.

The CFN team talked to children, young people and adults about children's rights and completed questionnaires.

An Interesting Question was 'which is most important right for CYP?' Many children chose **Article 3:** best interests of the child and **Article 31:** Right to play was also mentioned many times. The children highlighted education and health rights were also important to them.

RSE Day – What does Healthy Communication look like?

Thursday 26th June, saw the launch of the 'What does Healthy Communication look like?' and the unveiling of the RSE Day mural in the Arboretum. The mural project was a collaboration between children, Nottingham City Council's Achieve Well team and Green Space team, ChalleNGe Nottingham, artist Millie Yarwood as well as local schools.

Children from 9 local primary schools were asked to share their views on what makes healthy communication via a Padlet. Millie used the children's ideas and her signature style to create the mural. On RSE Day, children from Forest

Fields Primary School visited the Arboretum to see the mural being launched by Angela Kandola, Deputy Police and Crime Commissioner for Nottingham.

The children were very excited to visit the mural that they had contributed to.

After the launch, children took part in creative activities and shared their thoughts on what it meant to be involved: "I was pleased to be part.", "Believe in yourself.", "I'm honestly really happy on our thoughts being used in a mural based on kindness and other thoughts.", "We done a good thing and people might get inspired."

For more information on the mural click here.
